

## **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: It is agreed with the applicant's arguments on pages 5 to 7 that the applicant points out the deficiencies in the Guirao reference compare to the claimed invention, as claimed. The prior art does not disclose or fairly suggest, either alone or in combining with any other references to meet the limitations as claimed in claims 10 and 17 either under 35 USC 102 or 103. Therefore claims 10-17 and 19-21 could be allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
